

# Filigree Hearts Card

Basic Layout:

Cutting Directions:

- Real Red – 5 1/2" x 8 1/2", score at 4 1/4"
- Real Red – 2 3/4" x 3 3/4"
- Real Red scrap for saying
- Real Red 6' x 6' for embossed hearts, if you don't want extra hearts then you would need a strip for one row of hearts
- Bubble Bath & Real Red - scrap strip for filigree and heart frames
- Flirty Flamingo scrap for small hearts
- Basic White 2 1/2" x 3 1/2"
- Most Adored Designer Series Paper ("DSP")– pink & red plaid - 4" x 5 1/4"

Assembly Directions:

- Fold card base and burnish with bone folder
- Attach 4 1/8" x 5 3/8" plaid DSP card front
- Run the basic white piece through the Painted Texture 3D embossing folder using the die cut machine. Attach to the Real Red small piece the then both to the center of the card.
- Using the 3D embossing folder, place the nine open heart die on the inside of the folder, taking care to line up the hearts with the hearts in the embossing folder. Also make sure the cutting side of the die is facing the opposite side of the folder. Place the 6" x 6" Real Red cardstock inside the folder and run through the die cut machine.
- Take the Bubble Bath strip and Real Red strip and place on a clear cutting plate for the die cut machine. Place the nine-piece heart die over the scraps lining up to you have 3 hearts behind each strip of Real Red and Bubble Bath. Place the filigree hearts and open hearts inside the heart as shown in the pictures on the website. Place the other clear plate on top and run through the die cut machine. Make sure the base plate is on the bottom of your sandwich.

- Using the saying "Just for you" stamp onto the scrap Real Red piece with Versamark ink. Sprinkle with white embossing powder, shake off excess. Check for strays and use a small paintbrush to remove them. Emboss with the heat tool, cut out using the ribbon shaped die. Adhere to the card front with dimensionals.
- Using the multipurpose glue place small dots on the back of the filigree hearts and frames. Adhere to the card front in a random patten. I used the Bubble Bath frames on the Real Red filigree and vice versa.
- Cut small Flirty Flamingo hearts using the long die with four small hearts. Attach the hearts to the card front as shown.
- Add a few rhinestones to the saying
